Dear Bob,

Thank you so much for giving me what I have been missing for 37 years. My new ear has brought tears of joy and so much happiness to my life that I don't have words to say how much I appreciate what you have done for me.

I didn't believe you could possibly exist. Someone that makes body parts for people that are missing them. Impossible!! I used to say..

But here you are helping people like me. you are a miracle worker...

Thanks for all your help & for making my life better:)

Love
Myriam
